Become a Distributor or Wholesaler and Give You Business A New Edge!

15

Ayurved Research Foundation offers three primary programs:

Wholesale Program - For individual resellers, health providers, retail stores or others who purchase in bulk and who resell the products directly to consumers

Distributor Program - For large distributors who typically wholesale our products to retail stores and health practitioners and who can meet the higher minimum order volumes

OEM / Private Label - We can also provide products according to your requirements, including formula, packing design, capsule selection, packing way and delivery

If you are interested in any of our program, please feel free to contact us.

We look forward to hear from you!
